## RESULTS OF NATIONAL GAMES.

Eddie Gilligan came last night and except Bert Haas the entire aggregation of Indians is here on the reservation. It is said by fans acquainted with the playing of the two men that Connors "beat Haas out" for a position in Dayton, but was not retained on that team because of his comparatively weak hitting. Connors' stick work will be fast enough for this league at any rate. For this reason it is intimated by Paducah fans that Haas will not show up.

"I wrote both Haas and Connors the same facts," "Chief" Lloyd stated this morning. "I informed Haas before he came that he had to beat Jimmie, and told Jimmie that he would have to beat Bert, and if Bert doesn't come it will be because he thinks Jimmie will beat him."

The practice work is continuing and Lloyd and his bunch of braves are getting down team work now—signals, etc., necessary to play the "inside game." He says he will be prepared for Jimmie Ryan and his bunch of Germans from Evansville Friday.

## Notes of Ex-Kitties.

Land caught for Toledo in an exhibition game with Springfield, Ill., at that city yesterday. The Toledo team was beaten 12 to 0.

Perdue formerly of the Hopkinsville team, pitched for Vincennes in the last game between Evansville and Vincennes and was defeated by a close score of 3 to 1.

Kitty league players in faster company are showing up well.

## THE BIG LEAGUES.

## National League.

Cincinnati, Ohio, April 17.—Cincinnati won by hard hitting in the eight.

## VENERABLE KENTUCKIAN DEAD.

F. M. White, Father of Mr. W. J. White, Expires in Calhoun, Ky.

The Sun is advised that Mr. Francis M. White, father of Mr. Wm. J. White, of this city, died of heart trouble last evening at his home in Calhoun, Ky. Mr. White was 74 years of age and was a noble and generous man of sterling worth ever ready to respond to distress and to do good to humanity. He was a veteran of the civil war, serving the four years and being a member of the Twenty-sixth Kentucky under Major Ashcraft, and participated in the famous battles of Shiloh, which place always held a dear spot in his heart. Two daughters and two sons survive him, his wife having passed away two years ago. All the children were at his bedside when dissolution took place.

The funeral will occur Wednesday morning under the auspices of the Masonic order of which the deceased was an active and valued member. He was also a consistent member of the Missionary Baptist church of his home place.

## Falls and Breaks His Neck.

Hopkinsville, Ky., April 17.—W. B. Massie, a prominent sawmill operator of Lafayette, fell backward as he was entering his residence and his head struck a log lying near the door breaking his neck and killing him instantly. He was about 56 years of age and weighed probably 300 pounds. Massie lived alone, his wife being dead and his children having moved away. The body was sent to Dawson Springs, where it was interred.

NEW DIVISION  
OFFICIAL NAMEDEdward A. Egan, Son of Supt.  
A. H. Egan, Gets Good Place.Succeeds M. P. Black as Chief En-  
gineer of the Louisville Divis-  
ion, Effective at Once.

## MR. HARAHAN PASSES THROUGH.

There are two Egan officials on the Louisville division of the I. C. The late addition is a son of the popular superintendent, Mr. A. H. Egan, and his position is that of "division engineer," or "chief engineer" of the Louisville division of the I. C. Mr. Edward A. Egan, of Chicago, has been appointed to succeed Engineer M. P. Black in this capacity, and was in the city last night on his first trip over the division. He is today looking over the Harahan subdivision of the city, and will start the engineering work again in a very short time.

Engineer Egan is young in years but old in experience. He is a capable man in the position and in recognition of his ability was placed at the head of the engineering corps on this division.

Engineer Black has been transferred to the position of chief engineer of the Tennessee division to succeed Mr. Wm. Ellis, resigned. It is understood that Mr. Ellis has gone into the mercantile business.

## Movement of Officials.

Mr. T. A. Downs, freight agent of the Louisville division of the I. C., was in Paducah last night on business. He is on his periodical tour of this end of the division.

Mr. W. J. Harahan, fourth vice president of the I. C. road, passed through Paducah yesterday afternoon. He was met by Supt. A. H. Egan and Roadmaster F. L. Thompson, and accompanied to Princeton the latter officials returning on the afternoon accommodation train. Mr. Harahan went on to Nashville on business. He is on his regular periodical tour of the road.

Carelessness in Publications. Railroad officials are generally rather backward in giving reporters news unless they know the reporter and feel that the news will be intelligently handled. Often reporters cause much unnecessary correspondence. It is done thoughtlessly, but this does not excuse the act.

"You reporters don't know what trouble you cause sometimes," a well known official stated last night "Take the case of Mr. T— and you have a good illustration. A few weeks ago he came to Paducah and one of the papers published a notice of his arrival, making an incidental remark that it was his first trip to Paducah in several weeks.

"That item was clipped out of the paper, pasted on a sheet of paper and sent to the higher officials in Chicago. Back came a letter to the head of the division about the case, and the superintendent wrote several dozen letters, probably, before the matter was finally straightened out. You see the reporter had not seen the official here, but this did not mean that he had not come. The higher officials wanted to know if he ever came to Paducah, and if he did not if he was attending to business, etc. Well, the only way we finally got the matter adjusted was by referring the higher officials to his expense account. This showed his trips to Paducah, and there was no further complication."

## Various Minor Items.

The I. C. pay car arrived this morning from Mounds, Ill., and all local employees were paid off. The merchants, as usual, will keep open tonight to accommodate the railroad

## Reading Bicycles &amp; Motor Cycles
